

Biography of Naill.

Niall first found his interest in performing at the young age of 5 back in the UK when he performed as one of the Kings children in the amazing show, “The King & I” . This naturally lead Naill to perform in many musicals over his childhood including: Charlie & the chocolate factory | Grease | Annie | Christmas Pantomime | Singing performances.

With a fire burning of underlying passion for performing & learning lines for productions with ease, it was not something he could ever put out!

When the big to move to Western Australia on its way Niall wasn't sure how his acting & singing hobby would pan out. That was until he started at a secondary school that provided it's own performing arts department Naill to continue this burning passion to perform.

In June 2014 Niall auditioned in Fremantle for a Talent Academy hoping to be selected to travel to Los Angeles to perform in front of elite Managers & Agents.

The turn out was outstanding, out of 100's of children Niall was chosen to travel to LA in January 2015. This was an amazing opportunity & a chance for Niall to show & excel his talent on an international level. It was at this audition in Fremantle that a Perth company, XLR8 Actors Models & Talent Management first spotted Niall and his talents, little did he know XLR8 Management was to be in LA to also watch him perform.

Over the 5 days of performances in Los Angeles, Niall excelled! Receiving 34 callbacks from Managers & Agents in the USA. He was also chosen to perform at the LA showcase out of hundreds of children, & most excitingly auditioned for the Disney channel & Nickelodeon.

Niall received a call back from Sony music after receiving top singing performer in his age category, and is still auditioning through his manger at Hines and Hunt in La which he video links through for auditions.

Perth Company, XLR8 Actors | Models | Talent Management, watched Niall excelling every step of the way in LA & was quick to sign him up once back in Perth, Australia. One month later Naill was already working hard with XLR8 Management, being sent to Rottneest Island for 2 days for a modelling feature promoting the island, modeling competitions with Hair Stylists throughout the city, interviews and articles with the Newspapers and online, to his most recent acting role in the new Comedic Feature Film, WrangerTang, which commences filming in 2016.

Niall cannot see himself doing anything else as a career, his passion & love is purely for performing & entertaining others.

Keep you eye out for this young man in 2016, waves will be made!
